Mr Larry Morgan
L.E. Morgan Construction, Inc.
100 Iron Horse Park
North Billerica, MA 01862

Dear Larry

I would like to thank you and your team for doing a great job on replacing our roof. Bill Love was awesome and the installation crew was extremely fast and neat. We couldn't believe how everything was choreographed and how smoothly the project went.

Bill gave us several sample boards of colors and a list of where you had installed each color. This was extremely helpful as we were considering a complete color change and being able to see completed projects with the color we chose helped us to make the decision.

In addition to the roofing, we had to have one of our rafters replaced and Bill set up that up to be done at the same time. The roof is now sound, beautiful and ready for whatever the New England weather throws at it!

Thank you again for a great job and please do not hesitate to add my name and number to the list of people who are willing to give referrals!

Regards,

Roy Robblee
6 Garden Street
Woburn, MA 01801

P.S. GREAT Follow up MARKETING tool!
