

May 9, 2017

We are pleased to recommend L. E. Morgan Construction Co. to friends, relatives, or anyone looking to have a new roof put on.

Bill Love arrived on time with all of the company's insurance papers in hand, as well as representing Morgan Construction with full knowledge of the product.

We were called back with a date to start work with a time that was convenient to us and the full crew arrived on time, got to work promptly, did the job beautifully, and the clean-up was excellent.

Bill Love called us when the job was completed and asked politely if he could come over, again at a convenient time for us, to collect payment.

We are very pleased to have selected Morgan Construction ~~Co.~~ company to give us a new roof. They did a great job, received the warranty a few days later and the price was right.

Sincerely,

Mrs. & Mrs. Bennie Bonin
